## **HEADWAY ANNOUNCES ONLINE UNEMPLOYMENT INSURANCE (UI) TAX CALCULATOR IN ASSOCIATION WITH THE NORTH CAROLINA CHAMBER**

**49,000 NORTH CAROLINA EMPLOYERS RECEIVED UI TAX RATE INCREASES IN 2012 - ONLINE TOOL HELPS BUSINESSES VIEW FINANCIAL IMPACT OF CHANGES**

**RALEIGH, N.C. — JANUARY 31, 2012** – Headway Workforce Solutions, a North American [recruitment](#) and [contingent](#) workforce provider, in association with the [North Carolina Chamber](#), announced today it has released a free online Unemployment Insurance or [UI Tax Calculator](#) for North Carolina businesses. The free online tool, available at the NC Chamber's website, enables employers to play "what if" scenarios regarding potential state UI (SUTA) tax increases by helping illustrate the cost and financial impact these types of increases can have on their business.

"We realize that for many North Carolina businesses, state unemployment insurance tax increases can dramatically impact their bottom line," stated Headway's CEO and President, J.P. Sakey. "This easy to use online tool helps illustrate the costs associated with SUTA increases," and "We also wanted to let them know there are several solutions available to help them reduce their unemployment tax burdens," stated Sakey.

"North Carolina's massive debt to the federal government for unemployment benefits creates a great sense of uncertainty for our state's job creators," said Gary Salamido, North Carolina Chamber vice president of governmental affairs. "The UI Tax Calculator allows North Carolina employers to see how this issue affects their day-to-day operations and helps them plan for the future. We appreciate Headway's initiative to create this helpful device for businesses."

The UI Tax Calculator and additional information on North Carolina's Unemployment Insurance crisis can be found on the North Carolina Chamber's website at [www.ncchamber.net/UIcalculator](http://www.ncchamber.net/UIcalculator)
